Re: Freedom of Information Act Request

Dear Freedom of Information Act Officer:

Pursuant to the Freedom of Information Act ("FOIA"), 5 U.S.C. § 552 et seq., we hereby request that the United States Environmental Protection Agency ("EPA") Region 6 provide us with copies of the following public information:

1. Copies of any and all non-confidential documents related to the no-migration application(s) under 40 CFR part 148 for the Class I Hazardous Waste Injection Wells Permit Nos. 169, 249 and 422 at the Texas Molecular Deer Park Services facility located at 2525 Independence Parkway South, Deer Park, Texas 77536. Specifically, we are interested in the most recent no-migration application(s) that are associated with the attached permits which were issued by the Texas Commission on Environmental Quality on August 4, 2021.

We would prefer electronic copies of the requested documents. We are not requesting any documents which the agency asserts are confidential or privileged. If there are any fees associated with producing the requested information, please inform us if those fees will exceed \$200.00.

I would request a prompt response to this request. If you expect a significant delay in responding to or in fulfilling this request, please contact me with information about when I might expect copies or the ability to inspect the requested records.

I may be reached by email at brian.lynch@bakerbotts.com or by phone at 512.322.2608 for any questions or for additional information, as needed, in order to help expedite the process.

November 30, 2021

Thank you for your prompt attention to this matter.

Respectfully,

A handwritten signature in black ink, appearing to read "Brian Hyl". The signature is fluid and cursive, with the first name "Brian" and the last name "Hyl" clearly distinguishable.
